

Section: Narratives - Needs Assessment

Introduction

The findings of a recent study showed that there is a significant benefit to students who participate in out-of-school-time (OST) programs. In fact, the Return on Investment of Summer school Programs in Pennsylvania study determined that for every dollar invested in summer school programming for students there was a return of \$6.69 in potential benefits to students, including reduced rates for drop-outs, teen pregnancy, substance abuse, crime and delinquency ([Link PSAYDN.org](#)).

In accordance with the American Rescue Plan (ARP) Act and Pennsylvania Act 24 of 2021 (Act 24), the Pennsylvania Department of Education (PDE) will award approximately \$50,000,000 or one percent (1%) of Pennsylvania's ARP Elementary and Secondary School Education Relief (ESSER) State Reserve funds to support school districts, charter schools and cyber charter schools (collectively, LEAs) in the development and implementation of comprehensive after-school programs to address learning loss in response to the academic, social, emotional and mental health needs of students and subgroups of students impacted by COVID-19 public health emergency that supplement school programs and activities.

Act 24 requires that, when available, existing personnel shall be utilized by school districts, charter schools and cyber charter schools to staff programs and activities established with these grant funds.

Within 90 days of receipt of these allocations, school districts, charter schools and cyber charter schools must submit a three- part plan to PDE, that outlines the proposed use of the grant money, itemized by program and activity. This plan is part of a consolidated application that includes after-school programming, summer programming, and a comprehensive plan to address learning loss. The plan shall include:

- 1) A description of each program and activity
- 2) A narrative outlining the expected benefit of each program and activity
- 3) A budget for each program and activity detailing personnel and operating costs

PDE has developed the Accelerated Learning Toolkit, a significant cadre of resources and trainings, to support LEAs in the development of their plans. The Accelerated Learning Toolkit can be found [Link to Accelerated Learning Toolkit](#).

Section 1 - Needs Assessment: In this section, LEAs are asked to describe the impact of the pandemic on their students since March 2020.

Indicators of Impact

1. Describe how the LEA identified students for inclusion in a summer school program. Include a brief description of the indicators used in the decision-making process.

In order to provide the greatest potential impact for LVDLCS students, the decision was made to invite all students to participate in our summer programming. As a Title I School Wide School that is 97% Hispanic and 87% Free/Reduced lunch, we thought it was imperative that

all students be invited and encouraged to attend.

Section: Narratives - Summer School Program Questions

Summer School Program Questions: In this section, LEAs are asked to describe the activities they have designed to provide summer school programming for their students.

- Identify the target student-group for the summer school program. Will the focus be on academic growth, social and emotional wellness, or some other factor to support student growth? For each group, provide specific strategies that were used or will be used to identify and measure impacts.

Student Group	Area of Focus	Number of Students Served	Provide specific strategies that were used or will be used to identify and measure impacts
Major Racial and Ethnic Groups	Academic Growth	69	Students are given a pre-test in math and reading comprehension at the beginning of the program. Instruction is tailored based upon the pre-test. A post-test is given at the end of the program to determine academic achievement and/or growth.
Children from Low-Income Families	Academic Growth	69	Students are given a pre-test in math and reading comprehension at the beginning of the program. Instruction is tailored based upon the pre-test. A post-test is given at the end of the program to determine academic achievement and/or growth.
			Student in the

Student Group	Area of Focus	Number of Students Served	Provide specific strategies that were used or will be used to identify and measure impacts
Major Racial and Ethnic Groups	Emotional Wellness	69	program, engagement in the program, and discipline referrals will all be reviewed as indicators of the success of the program. In addition, student interest/satisfaction surveys will also be utilized. Staff (both summer and classroom teacher) surveys will be used to gather opinions about the effectiveness of the program in both the summer school hours and the transference to the regular classroom setting.

3. Describe the evidence-based resources that will be used to support student growth during the summer school program.

Summer school teachers will use the same materials, resources, and curriculum as the grade-level regular classroom teachers. Grade-level classroom teachers will provide a key standards and objectives for the summer program staff to provide a consistent focus of instruction.

4. Describe the staff that will provide the summer school program (i.e., internal staff or outside resources).

Number of Staff Members	Internal/Outside Provider	Role
1	Internal Provider	Summer Program Coordinator
13	Internal Provider	Teacher

Number of Staff Members	Internal/Outside Provider	Role
5	Outside Provider	Teacher
3	Internal Provider	Substitute Teacher

a. The LEA assures it understands it is responsible to offer the work to its internal employees prior to engaging outside entities.

b. The LEA assures it understands it is responsible to ensure that all summer school program staff hold the appropriate certifications for the program that is being delivered.

5. How will the LEA assess the success of the summer school program? Please identify the tool, frequency of use, and expected results.

Tool Used to Evaluate Success	Frequency of Use	Expected Results
Pre-Test Reading	1 time	Initial Benchmark Levels
Post-Test Reading	1 time	100% of students will reach academic achievement (80% or higher) or demonstrate 20% growth.
Pre-Test Math	1 time	Initial Benchmark Levels
Post-Test Math	1 time	100% of students will reach academic achievement (80% or higher) or demonstrate 20% growth.

6. How will the LEA engage families in the summer school program?

LVDLCS administration will provide weekly updates on objectives and standards being

covered during the Summer Program. This communication will occur via Class DoJo, the school website, and programmed phone calls. All parents will be encouraged to communicate with both the summer school teachers and/or administration to learn more about the program and/or volunteer for the program.
